

DEPARTMENT OF NEUROLOGY

NAME	RESEARCH INTEREST
Mark Baron, M.D.,	Parkinson's disease, dystonia, hyperkinetic disorders
Jonathan Bekenstein, M.D., Ph.D	Epilepsy, MS, organ donation
Zakia Bell, M.D.	EMG, myopathies related to statins and muscular dystrophies
Evren Burakgazi-Dalkilic, M.D.	Epilepsy, pharmacokinetics of AEDs, post traumatic epilepsy
W. Stephen Corrie, M.D.	Language localization, seizure patterns, Epilepsy Monitoring Unit
Robert J. DeLorenzo, M.D., Ph.D., MPH	Epilepsy, status epilepticus, brain injury, and drug addiction—cellular mechanisms and clinical aspects
Warren Felton, M.D.	Stroke, MS, neuro-ophthalmology
Hernan Gatuslao, M.D.	Neuromuscular disorders
Anna Hristova, M.D.	Parkinson's disease, writer's cramp, alternative methods of therapy for movement disorders, deep brain stimulation
Lenore Joseph, M.D.	Stroke risk factors, prevention, acute stroke therapies
Lydia Kernitsky, M.D.	Pediatric seizures
David Leszczyszyn, M.D., Ph.D.	Pediatric sleep, pediatric neurology, and clinical neurophysiology
Michael Miles, M.D., Ph.D.	Pharmacology and toxicology of alcohol
Lawrence Morton, M.D.	Pediatric epilepsy, EEG, epilepsy monitoring
Edwin C. Myer, M.D.	Pediatric neurology
John M. Pellock, M.D.	Epilepsy: genetics, SE, febrile seizures & mesial temporal sclerosis, AEDs, pediatric epilepsy
Anne Rice, Ph.D.	Biochemistry and histopathology of neurological insults such as bilirubin neurotoxicity, status epilepticus and traumatic brain injury
Steven M. Shapiro, M.D.	Kernicterus-induced neurological disease, auditory neuropathy
John Taylor, M.D.	Memory disorders
Jean Teasley, M.D.	Pediatric EMG, pediatric neuromuscular disorders
Alan R. Towne, M.D.	EEG, epilepsy, status epilepticus, migraine
Scott Vota, D.O.	neuropathy, post herpetic neuralgia
Elizabeth Waterhouse, M.D.	EEG, epilepsy, status epilepticus, migraine
Severn B. Churn, Ph.D.	Synaptic communication, electrographic seizure monitoring, signal transduction, neuro-pharmacology, drug refractory seizures
Sompong Sombati, Ph.D.	Basic mechanisms of epileptogenesis
